Announcement

2nd
Bangla Interventional Therapeutics (BIT)
2012

4th & 5th February, 2012
Vedic Village-Resort
Kolkata, India
Welcome Message

We are happy to announce the program of 2nd BIT 2012 meeting in Kolkata. Kolkata has been the seat of learning from the period of British Raj. BIT is a platform dedicated to Interventional Cardiologists in this region.

We are really thankful to all of you- who were behind the success of the 1st BIT 2011 scientific congress in Dhaka. We are now going into the 2nd Year of the Bangla Interventional Therapeutics Summit. This meeting has seen strong growth from the strategic East-West partnership, packed with various scientific sessions, case presentations and live video presentation. We are extremely proud that most of our delegates were satisfied with the 1st meeting.

For the upcoming 2012 meeting, the different scientific presentation formats will continue to be featured prominently. We will build on favourite topics like left main and bifurcation interventions, CTO and acute coronary syndromes. There will be place for specialised topics like TAVI, Mitral Valve Interventions and other structural heart disease topics with their related interventional imaging themes. Peripheral Interventions will continue to be featured.

Do join us in 2nd Summit of Bangla Interventional Therapeutics on 4th and 5th February, 2012 in Kolkata, for yet another exciting and enriching educational experience!

The venue of this year's conference has been chosen because of its unique natural setting. The resort will give us all an opportunity to enjoy the beauty of nature amidst serious scientific sessions. It is indeed a part of heaven on earth!

Course Directors

Prof. Dr. Afzalur Rahman
Dhaka, Bangladesh

Dr. Rabin Chakraborty
Kolkata, India
**Learning objectives:**
- Dissemination of the knowledge among the interventional cardiologists
- Updates on newer modalities in interventional cardiology.

**Target Attendees would be:**
- Interventional cardiologists
- Young cardiologists intending to build career in interventional cardiology

**Program Highlights:**
- State-of-the-art lectures
- Interesting case presentations
- Round table session
- Meet the experts session
- How should I treat? session
- Fellow’s training course: A to Z of PCI
- Learning village

**Major Areas of Topics:**
- Current and future treatment options for cardiovascular innovation.
- Primary PCI
- Left main PCI
- Chronic total occlusion, multivessel and bifurcation PCI
- PCI complications
- Expert opinion on a particular case management: How should I treat?
- Case reviews with experts

**Venue Highlights**
Vedic Village-Resort has earned its reputation as one of the best, offering seamless fusion between five-star amenities and ethnic ambience. The international standard infrastructure of the Resort facilities represents luxurious comfort for residential Corporate Conferences, Business Seminars, parties and, of course, individual holidaymakers.
Call for Interesting Cases

BIT 2012 invites you to showcase interesting and challenging cases for educational purposes. We are particularly interested in cases that fall into the following categories-

- Coronary intervention
- Endovascular intervention
- Structural heart disease
- Valvular complications

**Submission details:**

Case must be submitted in MS power point within 10 slides

Case may be structured as follows-

- Introduction
- Relevant investigations
- Angiographic findings
- Procedures and techniques used
- Conclusion

**Recognition:**

Selected submissions will be invited to present at interesting case presentation session during BIT 2012. Accepted presenters will receive two nights stay at the Vedic Village-Resort.

**Inquiries:**

If you have any question please visit www.bit-bd.net or call +88-01711522615, +91-9831254504

**Deadline for Case Submission:** 1st January, 2012

**Notification of Acceptance:** 15th January, 2012

**Deadline for Registration:** 15th January, 2012

Registration: Free and Compulsory

Case(s) to be submitted to:
